

A R. AND MRS. PETER STANLEY.

Oldest Married Couple in Ohio will Celebrate their Eighty-third Anniversary.

Upper Sandusky, Ohio, Special—The oldest married couple in Ohio, and probably the oldest in the United States, are Mr. and Mrs. Peter Stanley who reside in a quaint little home on the outskirts of this city, where they have lived for the past thirty-five years in peaceful quietude, awaiting the day when life's cares shall cease, and where in a few days they will quietly celebrate their eighty-third anniversary of their marriage.

This venerable couple are of African extraction, and both trace their lineage back to that country. Uncle Peter Stanley was born in New York state in the month of October, 1797, and his wife, Susan (Rice) Stanley, first saw the light of day in January, 1805. She is a native of this state, being born in Muskingum county, and has passed her entire life within the confines of the state without once leaving its boundaries. Both have witnessed the growth of the state almost from its beginning. Both distinctly remember the war of 1812 and those succeeding it, and many are the interesting stories they tell of the days when Ohio was still a wilderness and peopled by the Indians.

Mr. and Mrs. Stanley were married at Sandusky City, August 19, 1819. Twelve children were born to them, eight of whom died in infancy. The four children living are among their youngest. Mrs. Ellen Anderson, aged 60; Maurice Stanley, 57; Mrs. Susan Thomas, 47; and Thomas Stanley, 49.

When the Stanleys came to this county, Upper Sandusky consisted of but one log building, which stood near where handsome residence of the Hon. Curtis Berry now stands, almost on the sight of Fort Farree, erected by Gen. William Harrison in his campaign against the British and the Indians in the war of 1812. The lone log building was occupied by a Wyandot Indian named Garret, who kept tavern for the accommodation of the stray frequenters of the Sandusky trail. Uncle Peter distinctly remembers of the visit of Charles Dickens to this place in 1842; when he stopped here over night, and of which the distinguished author speaks of in his "American Notes."

Uncle Peter was a lad of fifteen during the war of 1812. Up until within a few years ago he could at will revert his mind to that early period, and the stories he could tell were extremely interesting. It is his boast that he stood on the shores of Sandusky Bay, on that memorable 10th of September 1813, and witnessed Perry's victorious fleet return after his battle with Commodore Barclay, off Put-in-Bay.—The Press Post.

A Colored Man Strikes it Rich

Providence, R. I. Special—Perhaps there is no one particular subject which is being discussed at this time among the citizens of Providence with so much curiosity and at the same time hopeful interest as the reported discovery of a rich gold mine located in Preston a small town near Norwich, Conn. The property on which this rich deposit is found is owned by Dr. Oliphant Guioness a colored citizen of Providence, who made the discovery about a year ago while walking through the lots with a friend. Dr. Guioness purchased the land which contains about 30 acres and stated that he purposed to erect several buildings. Ground has already been broken for the dwellings which are to be erected on the lots facing the road, but the remainder will remain vacant. Specimens of the ore have been sent to three of the best known assayers in this vicinity, whose places of business are located in Providence, and who declare that the ore will yield upwards of \$10 per ton. A company has been organized in Providence with a large capital stock, for the purpose of developing the claim. The home office of the company which is known as the Mining International Company is located at 23 Waybaset street, room 5. The officers at present are M. W. Guioness president and James E. West, treasurer. M. W.
